## Discussion Questions with Students

Have your students complete the course before the in-classroom discussion about common topics. You could also have the discussion completed on Canvas using the Discussion Tool. This would be best in groups of five or less.

### *Questions for Discussion*

- What does academic integrity mean to you as a student at IUPUI?
- How is academic integrity important in your program of study?
- Was there a situation that you did not think is academic misconduct? Why?
- How would you handle a situation if another student offered to sign you in for attendance?
- If you saw a fellow student cheating on an exam (i.e. their notes were on the floor), what would you do?
