Attention Matters Survey

OLC Accelerate 2019 – Michelle D. Miller, Presenter

1. If something is important, I’ll notice it regardless of what I’m doing or what else is going on around me.

Strongly Disagree - Disagree - Neither Agree nor Disagree - Agree - Strongly Agree

2. It’s possible to learn “by osmosis,” in other words, picking up information in the background while you do something else.

Strongly Disagree - Disagree - Neither Agree nor Disagree - Agree - Strongly Agree

3. To remember something, you need to actively pay attention to it.

Strongly Disagree - Disagree - Neither Agree nor Disagree - Agree - Strongly Agree

4. I can effectively pay attention to several things at once.

Strongly Disagree - Disagree - Neither Agree nor Disagree - Agree - Strongly Agree

5. People can be divided into two categories, those who notice important things and those who don’t.

Strongly Disagree - Disagree - Neither Agree nor Disagree - Agree - Strongly Agree

6. Some people are naturally able to multitask without any loss to performance.

Strongly Disagree - Disagree - Neither Agree nor Disagree - Agree - Strongly Agree

7. Quizzing myself is a good way to learn new information.

Strongly Disagree - Disagree - Neither Agree nor Disagree - Agree - Strongly Agree

8. Memory works by “recording” information and playing it back later.

Strongly Disagree - Disagree - Neither Agree nor Disagree - Agree - Strongly Agree
