AL$ DEFINED: PRINCIPLES

**CHOICE:** Enables the discovery of Open Education Resources (OER) and Open Access Resources.

**AFFORDABILITY:** Technology and partnerships that reduce the cost of teaching and learning materials for students.

**ACCESSIBILITY:** Every student is entitled to a high quality education with access to all learning materials.
Enables Discovery OER to replace costly course content.
Organizes tools to customize and author course content.
Faculty Recognition for AL$ efforts
Enable sharing of best practices
Showcases the use of course materials.
Provides information about usability and accessibility
Supports AL$ strategies and initiatives.
