DICKINSON STATE UNIVERSITY

Quick Response

- When I discover a new technology that could help my students, I feel _____.
- When I am told I must adopt a new technology, I feel _____.
- What is the biggest barrier to adopting a new technology?
- What is the biggest support that helps you adopt a new technology?

DICKINSON STATE UNIVERSITY

Introduction

How can we make new technology adoptions work better?

Communicate effectively across multiple constituencies

DICKINSON STATE UNIVERSITY

At your tables

- What practices or behaviors best support bridging capability?
- How is this affected by source of the change: top-down or bottom-up?
- Think about your technology adoption disasters. What are the commonalities?
- Think about technology adoption successes. What are the commonalities?

DICKINSON STATE UNIVERSITY

As you discuss

- Have one person at each table upload the team's responses to each question.
- Work together to identify the key points you want to share with the whole group.
