# A Definition

---

Student Success Strategies:  
Strategies that improve  
learning outcomes and  
increase satisfaction in a  
course while increasing  
retention, progression, and  
completion of a course.

# Goals for Today

---

- Identify six research-based strategies to increase student success in online, hybrid, and face to face courses
- Describe examples of how to implement these strategies in your own courses
- Describe student experiences of how these strategies impacted their own learning experiences
- Design your own strategy for student success in one or more courses

# What's Next?

- Breakout Sessions

Join the session of your choice to brainstorm and plan how to implement one of these strategies into your course or courses. Each group has a faculty member and a student facilitating.

- Social Media and Feedback—Sam and Tammy
- Reflection and Scaffolding—Brayden and Stephen
- OERs and Weekly Modules—Lauren and Julie

- Closing Session

Time for you to shine! Let's get back together and share ideas, reflections, and success stories.

## Breakout Sessions

- Social Media and Feedback—Sam and Tammy
- Reflection and Scaffolding—Brayden and Stephen
- OERs and Weekly Modules—Lauren and Julie

# Let's Get Back Together!

---

- What did you hear that was inspiring or that sparked your creativity?
- How will you implement a strategy in your course (or, if you already do, do you have any new ideas or fresh takes on your implementation)?
- Do you see any pitfalls that concern you?
- Did you hear ideas from your fellow attendees that inspired you?

# Want to Go Further?

- Visit our self-paced, asynchronous workshop on the same topic and earn a certificate! (The identifier can be anything—your pet's name, whatever.)

- Take our survey in the asynchronous workshop (please) so we can complete our research project

PLEASE evaluate our session!  
(so we can keep bringing students to  
conferences)

The evaluation form for this session is linked to the  
OLC program.
