There are two resources we've provided for you to help you build a quality, accessible online syllabus. The first is the tutorial that you can navigate the different “symbols” to learn more about Quality Matters, Accessibility, and of course, Online Teaching Principles. You can access this interactive tutorial by clicking on “Launch Tutorial” directly to the right. To learn more about these themes, review the introductory videos below.

We’ve also provided a clean version of the template with placeholder text that you can download so you don’t have to create your syllabus from scratch. Click on “Download Template” on the bottom right of this screen to get your copy.
